What our customers say

“ Had loft hatch and flooring done in loft. Very pleased with work. After work all mess was hoovered and left tidily. I would highly recommend Loft Force and will use them again. One happy customer.

“ Brilliant service from start to finish, would defiantly recommend. Very impressed. Hatch and ladder is very good quality too.

LOFT STORAGE SOLUTIONS

QUICK & SAFE LOFT STORAGE SOLUTIONS
FOR YOUR HOME

LOFT BOARDING

Featuring **LoftZone**

Don't waste your time roaming around for reliable installers.

Make the most of your storage space with our award-winning loft boarding solutions. At **LOFT FORCE**, we pride ourselves on offering amazing quality Loft Boarding installation.

With **LOFT FORCE**, expect an amazing transformation of your gloomy loft into a roomy and safe storage area. We can help you make clever use of an otherwise wasted loft space.

LoftZone StoreFloor creates a lightweight but incredibly strong system of raised beams that supports a safe deck above your insulation.

Simple, Strong, Unique Design

The patented StoreFloor loft storage system consists of only 3 parts: The metal Cross-Beams, which you screw the boards on to, and the recycled plastic Tri-Supports and Uni-Supports, which screw into your joists and carry the load.

Adjustable supports for irregularly spaced joists

The Cross-Beams slide along the top of the Tri-Supports – to deal with the common problem of variable spacing between joists. Without this, the boards may not reach the next joist and will be unsafe.

LOFT LADDERS

Want to have access to your loft without using extra space?

Installing a loft ladder can be the easiest way of doing this. With Loft Force, you can get quality installed Loft Ladders at an affordable price range.

Aluminium Loft Ladder

- Perfect loft-access solution
- Slip-resistant D rungs for comfort and security

- Easy to operate
- 150kg load capacity
- 10 Years Guarantee

LOFT ADD-ONS

Loft Hatches

Get your hands on our energy-saving and insulated loft hatches that will provide safe, easy access into your loft space for the best price. Whether it is updating your current hatch to a PVC dropdown or upgrading to a bespoke timber hatch we can help.

Loft Lighting

Loft Force can install a wireless motion sensor light. Our loft lights provide enough room to light your whole loft.

No need to worry about electricity this is an easy to use battery-powered light. With a motion sensor, this LED Loft light will only turn on when it detects movement.

Loft Shelving

Filled your loft space and need additional storage? We have the solution for you.

Loft Force can create addition bespoke storage shelves in your loft area. Gain safe, raised, accessible storage with our new storage solution.

Loft Insulation

Did you know that about 25% of heat is lost through the roof of poorly insulated properties as heat rises? The cheapest and most efficient measure would be to get your loft insulated resulting in lower heating bills.

Keep your home warm and energy-efficient with Loft Force, we offer a FREE loft insulation service so get in contact today.
